6	Having things in place that have been in LTP for 4 years that haven't even been started by those we pay to do them.	4/8/2021 9:41 AM

## Q6 What barriers and challenges do you see to growing the visitor economy in your community?

Answered: 11 Skipped: 0

#	RESPONSES	DATE
1	Palmerston and Waihemo receive little encouragement from Oamaru. Closing the i-Site was a direct result of little support from Tourism Waitaki in both staff training and providing suitable information technology, e.g. AV resources such as were obvious in Oamaru	4/19/2021 10:02 AM
2	Support is needed for areas outside Oamaru, we are all junctions to other places. The coastal area in Oamaru is not pretty but it is beautiful in other places, like Moeraki and the road to that is appalling.	4/15/2021 9:24 PM
3	Self importance within various associations/people, we need to work as one team, compliment all areas within our district and our Waihemo ward. Spread the economy not lock it into one or two pockets. We need to welcome every visitor (kiwi or overseas) whatever form of transport they arrive in and we also need to includes our own residents .	4/14/2021 3:01 PM
4	Lack of proper visitor centre in Palmerston. The one we had was closed by the authorities and is now a second hand china shop.	4/14/2021 1:40 PM
5	The need to radically cut emissions as a district and nation	4/13/2021 10:14 PM
6	Local government interference	4/13/2021 9:17 PM
7	Getting rid of the useless people running our council and community board.	4/13/2021 7:34 PM
8	The lack of market ready products. Ideas but possibly not enough skill or funding to get off the ground , plus barriers from Council in compliance etc.	4/12/2021 10:29 AM
9	Lack of money to support the facilitation of the amazing ideas people have in the Waihemo community. Oamaru and surrounds have had more than enough money spent on them. It's overdue for Oamarama and Palmerston, as junction towns on major state highways, to have some effort put into raising their profiles.	4/9/2021 12:55 PM
10	Expecting others to provide for us.	4/8/2021 7:22 PM
11	The councils own plans, they say they can't afford to do things, yet do not apply for funding that is available, and when asked its the lack of time of staff that is given as an excuse. Then no follow up with things with community borad that are in place to do.. so that then compounds the issue as it's seen as there is no need to get funding as there are no requests. Changing the view that one thing is enough to get people to com here.	4/8/2021 9:41 AM

## Q7 What assets in the Waihemo district could be developed to benefit visitors and the community? List your top three.

Answered: 10 Skipped: 1

#	RESPONSES	DATE
1	1) An all year round professionally designed walking track on Puketapu. 2) Development of cycle tracks — Macraes to Dunback to Palmerston; around Goodwood; around Janet's Peak, etc. 3) Better public access to the Tavora Reserve, to Anderson's Lagoon, to the mouth of the Waihemo river.	4/19/2021 10:02 AM
2	Moeraki Shag Point Andersons Lagoon	4/15/2021 9:24 PM
3	1) Puketapu walking track and mountain bike track 2) Accommodation and bathroom facilities for visitors with campervans (self-contained or not) etc. 3) Puketapu Radio & Waihemo Museum presently mocking up driving/walking maps to showcase various points of interest throughout the Waihemo district which will include businesses and key service details for each area in the district. Signage and billboards at key points.	4/14/2021 3:01 PM
4	A visitor centre, more toilets at popular spots, more rubbish bins.	4/14/2021 1:40 PM
5	Family farms, soil health, clean resilient rivers	4/13/2021 10:14 PM
6	Puketapu walking track and cairn as a destination. Cycleway between Palmerston and Dunback. Palmerston sports ground/A and P reserve needs developing into a first class recreational reserve.	4/13/2021 9:17 PM
7	Guided or non-guided tours of the region - monument, beaches, drive up to Golden point. (visitors) A webpage that is a central place that lists the community groups, local businesses, events accommodation and attractions. A meeting place/community hub. A farmers market.	4/12/2021 10:29 AM
8	Puketapu as a major draw card, requires (and Waihemo Community Board is supporting) an accessible walking track and mobility transport track, plus toilets. The view from the top is fantastic. A cycle way from Palmerston to Dunback, with coercion of stubborn property owners. Moeraki needs the roads permanently fixed, they are a disaster, and as Moeraki is widely known as an attraction in the district, we need to keep it accessible for everyone. And without the alternate route round the back in the wop wops. Driving round the coastline is a showcase of the settlement.	4/9/2021 12:55 PM
9	Puketapu, Moeraki Trotter's Gorge.	4/8/2021 7:22 PM
10	Bobbys head Beach, the ability to have that opened, when currently for most of summer its' closed off because of breeding penguins, only to find that there may only be 1 pair but the whole area is closed. they could do the bike trail from "Palmerston to Middlemarch". also the road from Hampden to Dunback as per the LTP request, and the fact it would help in a CV emergency.	4/8/2021 9:41 AM

## Q8 What are the key visitor and community assets in Waitaki? List your top three

1	Good grief — they already are well publicised as \$0000's are spent on them! Alps2Ocean, Victorian Town, etc.	4/19/2021 10:02 AM
2	Victorian area Penguins along the whole coast The fossil areas	4/15/2021 9:24 PM
3	Key community assets would be our St John Ambulance, FENZ & Rural Fire and local police. Key visitor assets would be our heritage offerings, Coastal Sea Life & Natural landscapes and Outdoor physical offerings.	4/14/2021 3:01 PM
4	Zealandia statue in Palmerston, Sir John McKenzie Memorial on Puketapu, safe canoeing/kayaking etc at Karitane lagoon.	4/14/2021 1:40 PM
5	Freshwater, trees, traditional farming landscape	4/13/2021 10:14 PM
6	The Waitaki valley Penguin colony Moeraki boulders	4/13/2021 9:17 PM
7	We are very much missing a community meeting place. We all used to have meetings at the Station Cafe and the closing of that left a gap. Our A&P show is fantastic but losing impetus - how can that be reimagined. Library is vital and could it be open more?	4/12/2021 10:29 AM
8	The bloody heritage precinct (not everyone likes museums though). The Blue Cliffs	4/9/2021 12:55 PM
9	Heritage Oamaru, Moeraki coast and waitaki lakes	4/8/2021 7:22 PM
10	Boulders, ALL HISTROY (sorry but all of it is important) be it story, buildings, or a site. and the main asset is the people in it.	4/8/2021 9:41 AM

## Q9 If you were taking first time visitors on a day trip, where would you go and what would you do?

Answered: 11 Skipped: 0

#	RESPONSES	DATE
1	I do this frequently already! If they are active, then up Puketapu. Or to Matakaea (Shag Point), Kartiki Beach, Tavora Reserve, Oceana Gold Mine at Macraes and to the historic Golden Point stamping battery, Stanley's Hotel, and on to Moonlight and the Butter and Egg Road, etc., etc.	4/19/2021 10:02 AM
2	To the beach, at Moeraki. Up Puketapu in Palmerston. To see the Elephant Rocks.	4/15/2021 9:24 PM
3	It all comes down to the visitors own interests and experiences they wish to have in regards to what I would show them and what the weather was like on the day. If it is visitors that like the outdoors and physical adventures - Trotters Gorge, Moeraki Boulders, Shag Point, Puketapu Hill, Bobby's Head and the lagoon. Historical - key buildings, museums/clubs & infrastructure and locations where businesses once sat around Palmerston/Dunback/Macraes and Shag Point	4/14/2021 3:01 PM
4	I would take them to the lookout on Puketeraki and then for home-made ice cream at Karitane Store.	4/14/2021 1:40 PM
5	Take them to the penguin colony at the lighthouse	4/13/2021 10:14 PM
6	A trip around Macraes mine, and over the Dansey's Pass	4/13/2021 9:17 PM
7	Go for an outing in Dunedin.	4/13/2021 7:34 PM
8	We take our guests up the valley then up to the Mine, stop at Stanleys Pub if open, go to the DOC Site at Golden point, then back down the back roads into Taieri Peak road and back to Town. Or we got to Andersons Beach, Tavora reserve, Shag Point and Trotters Gorge.	4/12/2021 10:29 AM
9	I would LIKE to be able to take them up Puketapu! Hampden is a nice wee spot with some wonderful beaches. Shag Point for wild ocean and wild life. Great for getting kids out of the care to let off some steam. And don't forget the site of the MASSIVE Boulder concretion and dig site of the Plesiosaur.	4/9/2021 12:55 PM
10	Moeraki for lunch then up to duntroon and over danseys pass back to Palmerston via pigroot.	4/8/2021 7:22 PM
11	Moeraki with the story of the whalers and the first people to settle there. Oamaru with the story of the first meat shipment and the people who settled there, Harbour street etc, then up the Shag Valley, to the limeworks, and past the chinese villages, to the mine with the story of the pigroot etc.	4/8/2021 9:41 AM

## Q14 What trends have you seen recently that we can leverage to grow visitation?

Answered: 10 Skipped: 1

#	RESPONSES	DATE
1	Growth in "grey nomads" — retirees, many in motor homes, who have time and means to travel. Yes, COVID has had an impact here but there is still an increase.	4/19/2021 10:02 AM
2	New Zealanders travelling in campervans.	4/14/2021 3:01 PM
3	More people touring NZ as overseas travel is not available at present.	4/14/2021 1:40 PM
4	Appears to be higher proportion of NZers to focus on.	4/13/2021 10:14 PM
5	I think people want to see more of New Zealand, beaches, wild life, parks, views etc. Puketapu is an iconic, prominent, historic, politically important place in the Waihemo district. The view is panoramic and spectacular, and this attraction is severely under-appreciated. There are few visitors who don't look up at it and ask "how do we get there?"	4/13/2021 9:17 PM
6	None	4/13/2021 7:34 PM
7	The grass roots food movement - permaculture, food sharing, tiny houses, young families seeking more room and space for young families. New people living in town with new ideas	4/12/2021 10:29 AM
8	In the wake of COVID we see people wanting to return to a simpler way of life that respects and cherishes the environment, our people, flexible ways of working and involvement in community.	4/9/2021 12:55 PM
9	Family activities for New Zealandrrs	4/8/2021 7:22 PM

#	RESPONSES	DATE
1	This responder has university qualifications in tourism and has had to write and administer surveys for postgrad studies. While this particular survey does offer an individual response in "other", I feel many respondents will simply tick all the boxes! I feel this survey does contain bias and that is not useful.	4/19/2021 10:02 AM
2	The assets are the mountains, rivers and the coast. NZs pastoral economy is a hard sell for tourism.	4/15/2021 9:24 PM
3	Just that we as an overall district should work together, compliment one another with what we have to offer, just don't cherry pick and put our apples in one basket.	4/14/2021 3:01 PM

5	In my view we are in no position to decide what to promote until the district and residents know their carbon footprint and can match any strategy with meeting the reduction pathway. We can expect this to become mandatory within the next few years under the Zero Carbon Act. Besides, if we dont together manage to get emissions under control, there is no future for tourism, let alone much else.	4/13/2021 10:14 PM
6	We need to get rid of the present leadership and replace them with people with fresh thinking and ideas, people with vision and enthusiasm.	4/13/2021 7:34 PM
7	I would love to see a more collaborative culture developing within Waitaki - rather than combative and whats in it for me. Need to value all regions equally.	4/12/2021 10:29 AM
8	Plenty but I'm sick of two finger typing on a mini iPad,	4/9/2021 12:55 PM
9	No	4/8/2021 7:22 PM
10	Relying on volunteers to run things, may of been ok in the past, but as now being discovered by WCT, as their pool of people shrink with age and time, that it's becoming harder to function. We need to work on what we can do, and how long term jobs, even low paid seasonal ones, can be produced so that there is employment long term, with the ability to create higher income for those in it.	4/8/2021 9:41 AM
